- Waterproof design (up to 20ft depth underwater)
- Ultra low power consumption
- Choice of black elastic wrist strap, velcro wrist strap, colored plastic wristband, cotton lanyard, or stainless steel chain
- Low battery detection
- One-way communication with the control panel

DESCRIPTION

The WTRQ3 is an emergency pendant/wrist transmitter that enables seniors to summon help with one simple press. When pressed, WTRQ3 will immediately trigger an alarm call to monitoring center, significantly increasing response and rescue time. The WTRQ3 requires very low maintenance with auto low battery detection function. The WTRQ3 is also IPX8 waterproof, allowing it be used anywhere, even in the shower. The WTRQ3 is extremely lightweight, users will barely notice it until it is needed.
